Subject: ICS 213 - Summerland Beach Results

Unified Command,

Please review the attached ICS 213 to release Sampling Results taken near the Summerland Beach Results on June 24, 2015 to Dr. Wada (the SB County Public Health Officer). Air and water samples were recovered and data interpreted. Surface water samples were not a match to Line 901 oil. After reviewing the attachment please respond to all indicating if you approve releasing the information.

Respectfully,

Ryan Andersen

Planning Section Chief

Refugio Incident
